There will not be any food vendors so if you are not connecting with your classmates and coordinating a menu amongst your respective class, do bring your own personal arsenal of goodies or lite bites. However, I'm sure a fellow pirate won't mind sharing or throwing your food on their grill.

We want to make this a simple but great event for our first all alumni cookout. It will get greater each year. Think of it as going to Ravinia for a concert, a football tailgate, a good old family reunion cookout or all PE classes having their cookout on the same day for their respective milestone. You have one job and that's to make it to the park on 7/9/22. Let's connect with classmates and be entertained by our all star alumni DJ lineup. It's that simple. Let's do this Pirates.

Let's not overthink it!!

We will keep providing updates.
